Durant l'acte d'inauguració d'aquesta onzena edició la directora de l'Escola, M. Àngels Balsells Bailón, ha destacat que la Jornada, a més de contribuir a adquirir competències transversals, pretén ser un punt de trobada perquè tots els doctorands de la Universitat de Lleida es coneguin. Per la seua part, el rector de la UdL, Jaume Puy, ha afirmat que "tot i que no coneixem el futur, la formació de talent serà clau per no quedar-nos enrere i per mantenir la independència i la llibertat".

Com a novetat d'enguany també està el *Tercer Espai* [[/sites/Doctorat/ca/formacio-investigadora/pla-de-formacio/el-tercer-espai/](https://sites/Doctorat/ca/formacio-investigadora/pla-de-formacio/el-tercer-espai/)], un lloc de trobada per als doctorands i doctorandes impulsat pel mateix alumnat on, entre altres, ofereixen formació i activitats de lleure. Les doctorandes Laura Segarra Sánchez i Aina Franch Aguiló han presentat a les persones assistents aquest punt d'encontre fora de les dinàmiques acadèmiques més formals.

Aquest curs acadèmic, la UdL compta amb 812 estudiants matriculats en els 15 programes de doctorat, una dotzena més que el curs anterior. D'aquests, un 20% provenen de països estrangers i un 70%, d'universitats de la resta de Catalunya i de l'Estat.
